THE JOURNEY

FOUNDER & CEO
ONEOFF BESPOKEDESIGN

With immense passion, I have had the privilege of conceiving the BespokeDesign catalog of event and wedding stationery, a project that represents the expression of my deepest passions. It is the result of tireless dedication, beginning with meticulous research and culminating in an exciting journey through the wonders of Italy and my personal inclinations.

From the very beginning, I desired for the BespokeDesign catalog to be a work of art that could capture the essence of Italian culture and convey it through the captivating world of event and wedding stationery. I have spent countless hours studying the traditions, ceremonies, and intricate details that characterize Italian events and weddings, aiming to create a selection of products that would highlight and celebrate the marvels of our country.

THE JOURNEY

May the BespokeDesign catalog be a tribute to the beauty of Italy, a celebration of traditions, and an invitation to create unforgettable events and weddings. I wholeheartedly thank Stefano Furlan *for his invaluable contribution, and I hope that our shared work can continue to inspire and enchant those who entrust BespokeDesign to make their special moments even more unique and unforgettable*

THANKS!.

However, the BespokeDesign catalog is much more than a mere collection of invitations and stationery items; it is a narrative that unfolds through its pages. I have sought to convey the essence of my personal passions, striving to capture the romantic, elegant, and unique atmosphere that characterizes Italian events and weddings. Each collection has been meticulously curated with care and attention to offer high-quality products that tell stories and evoke emotions.

I hope that the BespokeDesign catalog can serve as an inspiration for those who are in search of invitations and details that transmit the authentic essence of Italian events and weddings.

ABOUT THE COLLECTIONS

Our collections offer pre-designed aesthetics that stand out with carefully chosen cadeau options and unique features such as the use of ribbons, exquisite textures, artisanal calligraphy, and digital prints.

Como Lake Collection

A proposal for an elegant and sophisticated wedding that showcases the timeless cappuccino color in three exquisite shades, beautifully complemented by the black calligraphic script. The inclusion of a handcrafted cadeau with a touch of folk-inspired charm creates a delightful contrast that enhances the romantic ambiance of the proposal. The addition of a calligraphed monogram featuring the names of the bride and groom serves as a perfect finale, akin to a wedding band gracefully encircling the ring finger.

Royal Collection

The proposal takes inspiration from the romantic and grandeur settings of fortresses and castles. It is specifically designed for weddings that exude a romantic ambiance while incorporating "irreverent" details. Crafted entirely with Colorplan paper and enhanced by a unique handmade cadeau created by an artisan workshop exclusively for us, the proposal encapsulates the essence of refined luxury.

Lina Collection

Introducing the **LINA** COLLECTION*. This proposal, inspired by the artistic legacy of renowned Italian artist and designer Piero Fornasetti, is perfectly suited for high-profile corporate events and special occasions. Crafted entirely with Colorplan paper and adorned with an original Fornasetti-signed cadeau, it encapsulates the fusion of elegance and artistic revolution. Immerse yourself in an event that celebrates the timeless allure of art and sophistication.*

ABOUT THE COLLECTIONS

Apulia Collection

Introducing **APULIA** COLLECTION, *a proposal inspired by one of the most beloved regions among foreign travelers. Puglia, a land steeped in history and vibrant, enchanting colors, ignites passion and resilience much like the roots of its ancient olive trees. It is a region that exudes a profound passion for food, traditions, and history engraved in stone, all illuminated by the fiery red hues of sunsets reflected on Lecce stone. This proposal, meticulously crafted with Colorplan paper, is adorned with a handmade cadeau symbolizing the spirited dance that characterizes this region: the taranta. Experience the essence of Puglia, where every detail tells a tale of cultural richness and heartfelt energy.*

Baxaicò Collection

Introducing the BAXAICO' COLLECTION *(basil in Genoese dialect), inspired by Italian culinary art, specifically the delightful trofie al pesto and basil. This unique collection comes to life through a fusion of vibrant colors and refined craftsmanship, with a special touch: a marble mortar as a gift.*
Each piece in the Baxaicò Collection is meticulously crafted with attention to detail and artisanal skill. The marble mortar, depicted as a distinctive symbol across various items, represents Italian culinary tradition and also serves as a unique keepsake for our clients to cherish as a special memory of their wedding.
But there's more: our Baxaicò wedding stationery is made even more special with a hint of fragrance. Every invitation, program, or place card is lightly scented with an exclusive basil-infused paper perfume. This captivating scent adds a multisensory experience, imbuing a sense of freshness and vitality that makes our collection even more distinct and memorable.

COMO LAKE CADEAU COLLECTION

The silk weaving tradition in Como is an ancient and renowned practice that has made this Italian city famous worldwide. Known as "The Silk City," Como boasts a long history in the production of high-quality silk fabrics.

The Milanese atelier specializes in the production of highly customizable, high-quality artisanal saucers. Each piece is the result of meticulous craftsmanship, with skilled artisans handcrafting the creations using traditional ceramic decoration techniques.

COMO LAKE COLLECTION

«Quel ramo del lago di Como, che volge a mezzogiorno, tra due catene non interrotte di monti, tutto a seni e a golfi, a seconda dello sporgere e del rientrare di quelli, vien, quasi a un tratto, a ristringersi, e a prender corso e figura di fiume, tra un promontorio a destra, e un'ampia costiera dall'altra parte; e il ponte, che ivi congiunge le due rive, par che renda ancor più sensibile all'occhio questa trasformazione, e segni il punto in cui il lago cessa, e l'Adda ricomincia, per ripigliar poi nome di lago dove le rive, allontanandosi di nuovo, lascian l'acqua distendersi e rallentarsi in nuovi golfi e in nuovi seni.»
(Alessandro Manzoni, I promessi sposi, capitolo I, 1840)

COMO LAKE COLLECTION

Lake Como is one of the jewels of the Italian landscape, renowned for its historical, artistic, and natural splendor that exudes an unmistakable charm.

Since the 1800s, esteemed poets and musicians of Romanticism, including Alessandro Manzoni, Stendhal, and George Gordon Byron, have celebrated this captivating panorama.

The fusion of lake and mountains creates an unparalleled harmony, resulting in one of the most breathtaking settings on Earth. The vistas that unfold in this enchanting region are truly incomparable.

LINA CADEAU COLLECTION

The Lina Collection takes inspiration from a passion for design, particularly from Fornasetti. It pays homage to Fornasetti's mastery and unique style.

From here stems the selection of the cadeau, the choice of paper, and the implementation of the project in all its nuances and variations.

A design invitation: elegance takes shape in paper.

LINA COLLECTION

“Ho così vestito di vestigia ceramiche, mobili e cose e ho così riposto in ogni opera un messaggio, un piccolo racconto certe volte ironico, senza parole evidentemente, ma udibile da chi crede nella poesia“ Piero Fornasetti

Piero Fornasetti was born in Milan in 1913 and is now recognized as one of the prominent designers and creatives of the mid-20th century. He was a versatile artist with an unstoppable creative genius.

LINA COLLECTION

His most renowned collection pays tribute to the enigmatic countenance of a woman with timeless and refined beauty, which has now become an iconic symbol.

Piero Fornasetti stumbled upon this image while perusing a late 19th-century French magazine and was captivated by its allure, adopting it as his muse. The woman in question was none other than Lina Cavalieri (1875-1944), an esteemed opera singer of the Belle Epoque era, celebrated for her artistic prowess and renowned for her seductive charm.

ROYAL COLLECTION

"Once upon a time, in a far-off land, there existed a country with an exceptionally peculiar name that few could pronounce. Within this country stood a grand, yet gloomy, castle perched atop a hill. It was a place of constant darkness, emanating an eerie aura. Within the castle resided a prince named "AntiPatico," who earned his name due to his deep aversion towards his subjects. His disdainful nature made him unbearable to be around, causing everyone to avoid him at all costs.

On the rare occasions when the prince ventured outside the castle walls, he inspired no trust in anyone. However, one fateful day, his eyes beheld a maiden of extraordinary beauty—a vision with long red hair, captivating blue eyes, who seemed to radiate a celestial glow. Desperate to connect with her, he cautiously approached, but the maiden, aware of his reputation, skillfully evaded his advances. Consumed by self-directed anger, the prince began to question the validity of others' opinions about him. Overwhelmed by a surge of introspection, he swiftly retreated to his fortress and made a solemn vow to himself."

ROYAL COLLECTION

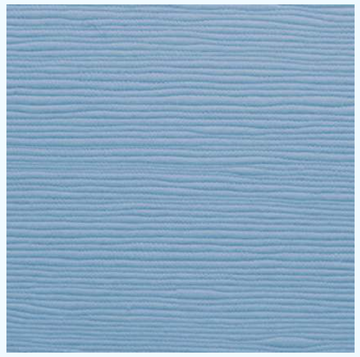

With unwavering determination, he firmly declared to himself, "Enough is enough. I must change. I no longer wish to be the ill-tempered man everyone knows. Instead, I want to lend a helping hand to those in need... And if I fail to become one soon, I shall bestow my castle upon my subjects."
The following morning, he emerged from the castle, transformed both in appearance and spirit. He strolled through the village, and there, once again, stood the red-haired maiden. Approaching her with a warm smile, he gently took her hand and proclaimed, "Greetings, my princess. I am the prince of this land."
Upon hearing these sweet words, the maiden's heart instantly fell in love with him. From that moment forward, the prince radiated kindness and compassion towards all. They lived joyfully ever after in the castle, extending a heartfelt invitation to all the subjects of the kingdom to join their grand wedding celebration. From that day forward, the castle shimmered with a thousand hues, a testament to their enduring love.

From the heart of PUGLIA, an enchanting art and products that narrate passion and tradition.

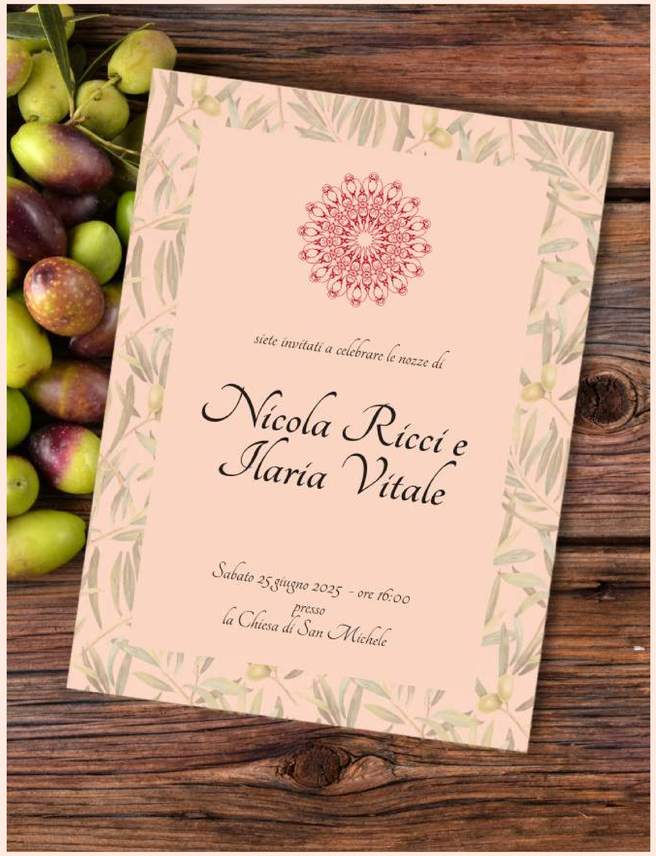

APULIA COLLECTION

Land of sunshine and warm hospitality, Puglia (Apulia in Latin) is a region adorned with trulli, medieval castles, Baroque and Romanesque cathedrals, enchanting villages, and bustling art cities. Its picturesque masserias, turquoise waters, and neatly arranged olive groves enclosed by white walls create a captivating landscape. Puglia is a treasure trove of art, nature, and traditions nestled in the heart of the Mediterranean. For millennia, Puglia has been a meeting point for cultures, customs, and trade, leaving an indelible mark on its rich wine and gastronomic heritage.

In small villages and bustling cities alike, the artistry of skilled artisans comes to life through the creation of beautiful masterpieces like terracotta whistles, lacework, ceramics, wrought iron, and papier-mâché.

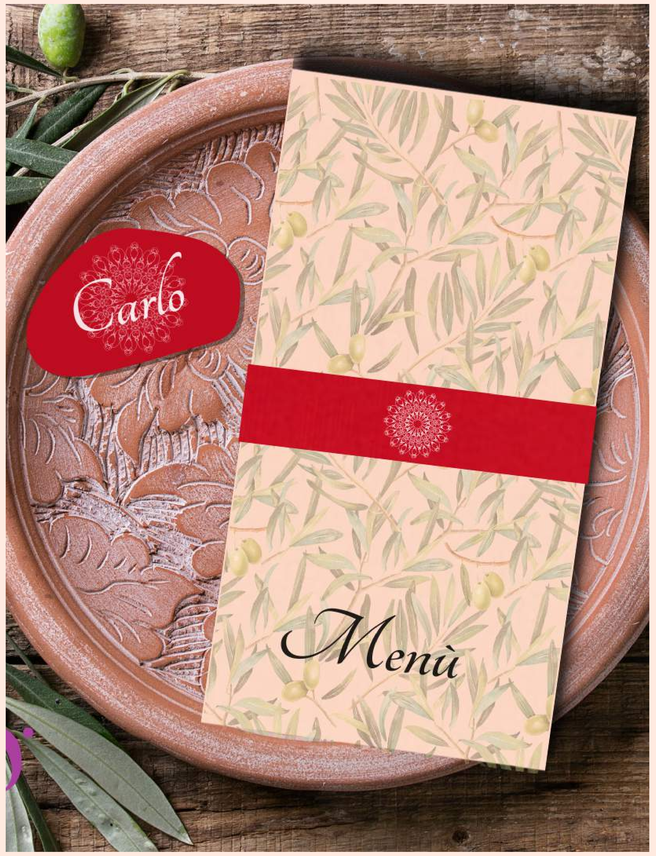

APULIA COLLECTION

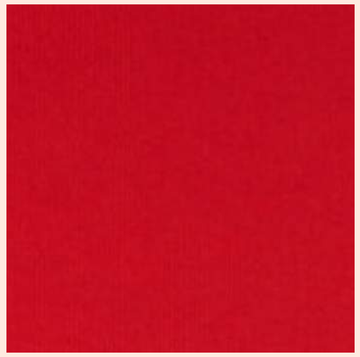

The masserie of Puglia stand as symbols of rural life in the region. The term "masseria" derives from "masserizie," which refers to the collection of everyday household objects and agricultural tools stored within. The key figure in the masseria was the housewife, responsible for managing all domestic and culinary tasks. Today, the history of Puglia's masserie intertwines with the present, offering a unique experience for weddings. Celebrating a wedding in a masseria allows couples to immerse themselves in history at every turn, embracing the positive energy, experiencing the authenticity of the land, and making their dreams come true.

Thus, our Apulia Suite was born, a tribute to the enchanting peninsula that encompasses its aromas, flavors, and vibrant colors in all their shades. We aimed to blend together the harmonized traditions of illuminations, the simplicity of tomatoes, and the richness of olive trees.

BAXAICO' CADEAU COLLECTION

Welcome to the wonderful Baxaicò Wedding Stationery Collection, a tribute to Italian culinary art and, in particular, the delightful trofie al pesto with Genovese basil. The term "Baxaicò" literally means "basil" in the Genoese dialect.

This collection has been created to bring the atmosphere and flavors of Italian culinary art to your special events, especially weddings. Every element of our wedding stationery is inspired by the freshness and authenticity of trofie al pesto, an iconic dish from the culinary tradition of Genoa.

Imagine a wedding where every detail, from the invitations to the place cards, evokes the beauty of Genovese basil. The Baxaicò Collection will allow you to create a unique and engaging atmosphere with elegant and refined designs that capture the essence of this central ingredient in Italian cuisine..

"Genova è anche il profumo e il sapore della sua cucina. Come quelli del pesto, che facciamo a Milano o in Gallura, io e Dori, mettendoci dentro tante noci perché non sappia di menta: come capita quando il pesto lo fai lontano da Genova. Perché solo il basilico di Genova "non ne sa"".

(Fabrizio De André)

BAXAICO' COLLECTION

IL PESTO NEL 1851

Pestu. Salsa, fatta per lo più con aglio, basilico e cacio pestati insieme; in alcuni posti della Toscana chiamasi battuto. Pesto che si fa quale condimento alla minestra si compone per lo più di basilico, di prezzemolo, di maggiorana, aglio e cacio pestati insieme.

(G. Olivieri, *Dizionario genovese-italiano*, Genova, 1851)
P. Pracca, *Profumo di basilico*, 2021

Furthermore, the mortar and pestle become the distinctive gift of this collection. This utensil represents the tradition and culinary art of Italy, making it the perfect symbol to celebrate your love and the union of your families. You can personalize the mortar and pestle with your names and wedding date, making it a unique and meaningful keepsake for you and your guests.

The history of Genovese basil is long and fascinating. This aromatic plant originated in India and was introduced to Europe by Genoese merchants during the Crusades. Since then, basil has held a central place in Ligurian cuisine, becoming the main ingredient in the preparation of the famous Genovese pesto.

Genovese pesto is a rich and aromatic sauce that is traditionally prepared using a marble mortar and wooden pestle. This slow and careful preparation method allows for an intensely flavored pesto, where the aromas of basil blend with other ingredients such as olive oil, pine nuts, and cheese.

Did you know that basil is considered a symbol of love, fertility, and good luck? In ancient times, Genoese women would wear basil crowns to attract suitors. Today, its fresh and inviting aroma makes basil a popular choice for creating romantic and meaningful atmospheres.

The Baxaicò Collection invites you to immerse yourself in the beauty and culinary tradition of Italy, transforming your wedding into an unforgettable experience. With our unique and personalized items, you can create an event that celebrates love, togetherness, and the authenticity of Italian cuisine.

BAXAICO' COLLECTION

The blooming of herbaceous peonies *starts in May and ends by the first half of June. Its duration is influenced by climatic factors: excessively sunny days can cause the flowers to wither earlier than usual, while persistent rains can lead to premature fading. The flowering period of* basil *is between June and September*

Blooming Beauty: A Delicate Composition of Peonies and Basil

Furthermore, we are thrilled to announce that each piece of our wedding stationery will be infused with a delicate basil-scented fragrance. This special touch will add a unique sensory element to your experience, enveloping you and your guests in an even more authentic and engaging atmosphere.

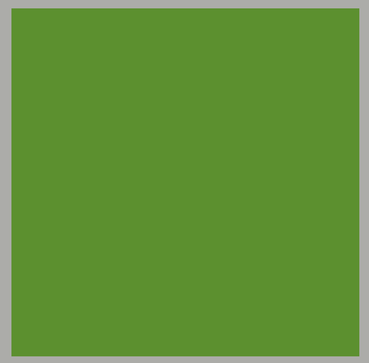

The fresh and aromatic scent of basil will accompany you throughout your celebration, making every moment even more unforgettable. As you flip through the invitations, touch the place cards, or open the wedding suite, you will be enveloped in a fragrance that evokes the very essence of Italy and its traditional cuisine.
